ABOUT JSC “IREMAS”

JSC “IREMAS” is one of the biggest metal processing companies in Lithuania established in 1998. Its main activities are metal products and processing, steel structure manufacturing, industrial equipment erection and repair. Company has **more than 600** employees. Metal production and processing departments are located in Jonava, Panevezys and Klaipeda.

Our MISSION

– to ensure the highest possible quality of provided services, while preserving the surrounding environment and providing safe and healthy working conditions.

Our VISION

– is to be an open, honest and innovative partner for employees and customers.

ACTIVITIES

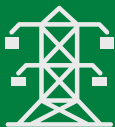

Industrial equipment
repair, maintain and
erection services

Steel works/
subcontracting

Port equipment
repair, maintain and
erection services

Electrical equipment
repair, maintain and
erection services

Engineering works

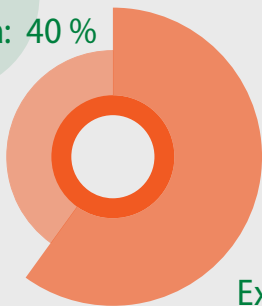

Destructive/
NON-Destructive
metal testing

MARKETS

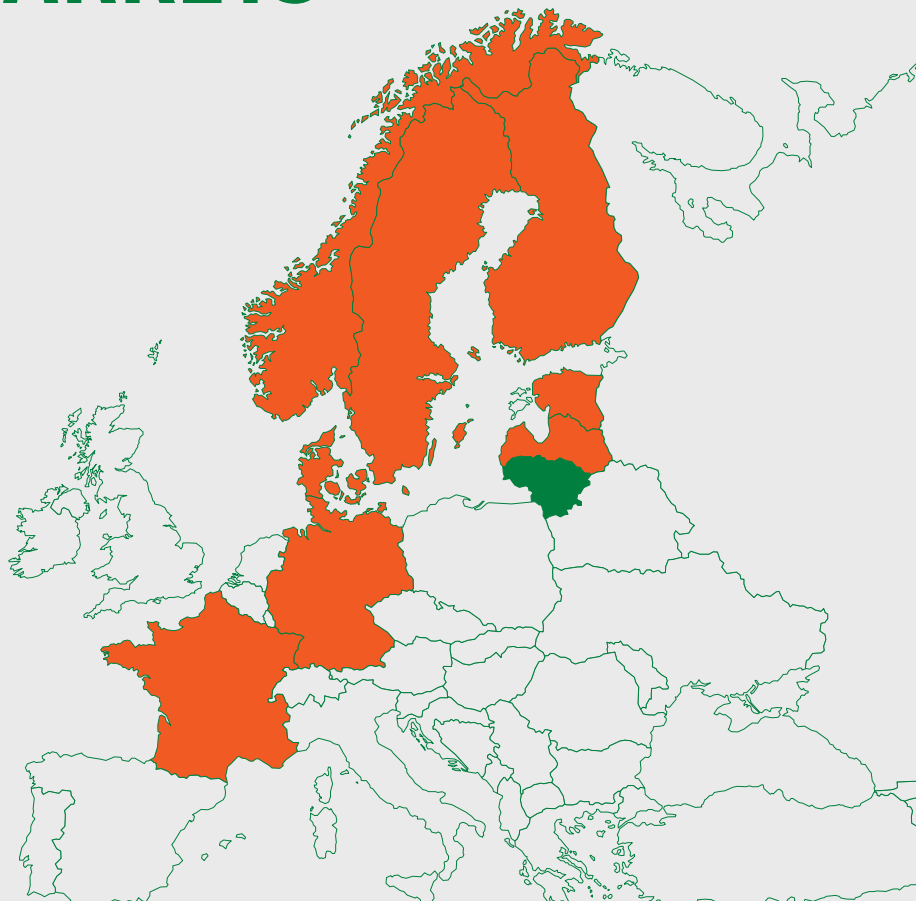

3

Lithuania: 40 %

Export: 60 %

Main export markets –
Finland, Norway, France,
Germany, Sweden
and Denmark

STEEL WORKS / SUBCONTRACTING

4

There are two main steel workshops located in Jonava and Panevezys:

Workshop	Jonava	Panevezys
Size, m ²	9.000	3.000
Lifting equipment, t	Max. 20	Max. 15
Employees	80	40
Welding Machining, assembly	Yes	Yes
Wet painting	Yes	Yes
Thermal processing, hardening	Yes	No

MACHINING POSSIBILITIES

#	Machining equipment / performed works	Product max dimensions, mm
1.	Plasma / gas cutting	12000×2100×150
2.	Vertical axis CNC machining	4200×1800×800
3.	5-Axis CNC Boring & Milling Machine	2000×1800×1400
4.	CNC turning with active tools and Y axis	1280×375
5.	Vertical Carousel turning machine	2500*1600
6.	Turning	1230×6000
7.	Round polishing	400×1500
8.	Flat polishing	1000×400×350
9.	Internal polishing	250×300
10.	Thermal processing	Till 2000
11.	Shot blasting	12000×6000×4500
12.	Steel and stainless steel welding	Unlimited
13.	Rolling	2000×16
14.	Cutting	3000×15
15.	Bending	4000×10
16.	Wet painting	500 m ²
17.	Assembly	20000×10000×4500

6

STANDARDS USED IN MANUFACTURING

ISO 9001

ISO 14001

OHSAS 18001

ISO 3834-2

EN 1090-2, execution class up to EXC3

Accredited metal testing laboratory
according to EN ISO/IEC 17025:2005

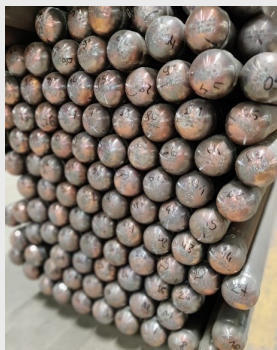

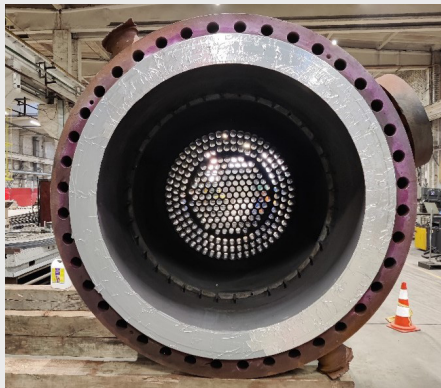

PRODUCTS

- 1. Wood and paper industry**
- 2. Chemical industry**
- 3. Onshore / Offshore equipment:**
 - Cable storage equipment
 - Cable handling equipment
 - Onshore equipment
- 4. Welded assemblies**
- 5. Machined parts**
